Dear Customer

Notice to Clients re Register of Inhibitions Searches

Due to a change in policy by Registers of Scotland we will soon no longer be able to update or use our own enhanced database and searching tool for searching entries in the Register of Inhibitions to provide reports and instead will be required to use the Registers of Scotland own system, over which we have no control.

We stress this is not a step we had wished to take.

Accordingly, we would remind all clients that for searching Party Names in the Register of Inhibitions please ensure you provide us with full names and any variations thereof and include **all** relevant addresses for searching.

Our indemnity is restricted to **exact name** and address matches as provided in instructions.

Should you wish further information please contact our Customer Liaison Team on 01383 826777 or customer.services@firstscottish.com or our Business Development Managers, David Adamson david.adamson@firstscottish.com mobile is 07792651390 and Davy Thomson david.thomson@firstscottish.com mobile is 07730623093. Also myself and Lorna Innes are also available for contact too if required. My details ian.fraser@firstscottish.com mobile is 07894566754 and Lorna's details are lorna.innes@firstscottish.com and mobile is 07921040471.

Kind Regards

Ian Fraser
